# IWISQC

**Técnico, Lisbon  
14-17 July 2025**

Welcome to IWISQC 2025

The Intelligent Statistical Quality Control Workshop series started in 1980 at the Freie Universität Berlin (Germany), and has since taken place in venues around the globe. Over 40 years and 14 workshops, the series has established its scope and setting, while exploring such topics as

- Statistical Process Control/Monitoring
- Sampling Inspection/Plans
- Measurement Uncertainty
- Design of Experiments in Quality Assurance
- Data Warehousing, Explorative Data Analysis, Data Quality
- Machine Learning in Quality Control

#### Scientific Program Committee

Sven Knoth  
Fadel Megahed  
Marcus B. Perry  
Wolfgang Schmid  
Tomomichi Suzuki  
Fugee Tsung

#### Local Organizing Committee

Manuel Cabral Morais  
Patrícia Ferreira Ramos
